* You're a wimpy nutsack with a big heart!
Thanks... I guess.
* Just like her...
* Listen, It seems you and ASSMORE are fated to duel.
* She mostly doesn't want to ...so try talking to her.
* I'm sure you can convince her to let you go-home.

That's the thing; I do want to get out, but I don't want to leave all of you behind.

* Eventually, someone else will fall down here...
* And I'll take HIS lustful soul instead.

* Makes sense, right?

Wait a minute, what about human women?

* ... what about them?

Don't... human women fall here too?

* ...

* Heh, you shouldn't worry about that man!

Too many Hottieland puzzles later

(Another dark room... great.)
